PLAYER EVALUATION FORM

PLAYER		AC	3E		_ TEAN	И	
2 FAIR - Correct skill a 3 GOOD - Correct skill 4 SELECT - Correct sk	TING SYSTEM: 1 BASIC - Correct skill application in a stationary position 2 FAIR - Correct skill application at practice speed 3 GOOD - Correct skill application at practice speed with opponent pressure 4 SELECT - Correct skill application at game speed with light opponent pressure 5 BEST - Correct skill application at game speed with full opponent pressure						
I. INDIVIDUAL SKILLS							
SHOOTING	1	2	3	4	5	COMMENTS	
1. Instep shooting with the right foot 2. Instep shooting with the left foot 3. Inside of foot shooting with the right foot 4. Inside of foot shooting with the left foot 5. Accuracy to open space with right foot shot 6. Accuracy to open space with left foot shot 7. Power of right foot shot 8. Power of left foot shot 9. Volley shot with right foot 10. Volley shot with left foot 11. Preparation: first time shooting 12. Preparation: setup from ground ball 13. Preparation: setup from air ball							
PASSING	1	2	3	4	5	COMMENTS	
1. Inside of the foot passing with the right foot 2. Inside of the foot passing with the left foot 3. Accuracy of inside foot passing- right foot 4. Accuracy of inside foot passing- left foot 5. Crossing/chipping with the right foot 6. Crossing/chipping with the left foot 7. Accuracy of right foot cross/chip 8. Accuracy of left foot cross/chip 9. Proper pace of right foot passing 10. Proper pace of left foot passing							
RECEIVING	1	2	3	4	5	COMMENTS	
1. Inside of the foot trapping - right foot 2. Inside of the foot trapping - left foot 3. Trapping air balls - right foot roofs 4. Trapping air balls - left foot roofs 5. Controlling air balls - right thigh 6. Controlling air balls - left thigh 7. Controlling air balls - chest 8. Preparation (first touch) for pass/shot - ground ball 9. Preparation for pass/shot - air ball							
DRIBBLING	1	2	3	4	5	COMMENTS	
1. Comfort with the ball under pressure- shielding 2. Comfort with the ball under pressure- using both feet 3. Comfort with the ball under pressure- finding space 4. Ball movement- turns/cuts to left or right 5. Ball movement- reverses 6. Ball movement- beating opponent in 1v1 7. Ball movement- change of pace 8. Control runs with the ball in space 9. Accuracy of play after dribble- passing/shooting							

HEADING	1	2	3	4	5	COMMENTS
1. Passing with the head- ball to the ground						
2. Clearing with the head- ball away in the air						
3. Shooting with the head- ball to open space in goal						
Accuracy of heading- general abilities						
5. Power of heading- general abilities						
6. General heading ability while in the air-leaping						
II. INDIVIDUAL TACTICS						
OFFENSIVE	1	2	3	4	5	COMMENTS
Movement to space after passing- give and go	•	-	•	-		JOHN MEITTO
Movement to support teammate with the ball						
Movement to space away from ball anticipating play						
4. On the ball- going to goal for shot						
5. On the ball- shot selection (timing, power, placement)						
On the ball- passing to supporting teammate						
7. On the ball- changing the point of attack-switching						
On the ball- penetration passes through defenders						
9. On the ball- penetration passes over defenders						
10. On the ball- creativity of pass						
DEFENSIVE	1	2	3	4	5	COMMENTS
_	ı	_	3	4	3	COMMENTS
Closing/slowing the dribbler Pressing/stopping the dribbler						
Pressing/stopping the dribbler Dispossessing the ball from dribbler- tackling						
Intercepting opponent's pass						
5. Outracing through passes						
Starting the attack: successful pass after ball winning						
7. Man marking- covering one's opponent						
Recovery run: getting back behind the ball						
Marking recovery in transition from offense						
Second defender: supporting teammate on dribbler						
Second defender: supporting teammate on dribbler
